

Introduction

The SATAC Bulletin school edition is a newsletter for school staff and others who provide advice to future tertiary students.

Each edition of the Bulletin provides updates on SATAC services and admissions processes.

Contents

1. We're on Instagram!
2. New 'How-to' apply video
3. SATAC posters for schools
4. Undergraduate key dates
5. Conditional offers for Year 11 pathways

We're on Instagram!

SATAC has finally joined Instagram!
You will find us @satacinfo.

Instagram has lots of features that will allow us to share video, animation and 'step-by-step' content on the highly popular platform.

In addition, we will be posting a range of engaging, branded content with information and advice about applying for tertiary study.

We look forward to connecting with you there!

New 'How-to' apply video

As the 30 September closing date draws near, some students may still be grappling with the application process.

To help them make sense of the online application, we have added a new video to our YouTube channel.

The 9-minute video steps you through a typical undergraduate application and covers everything from registering a new application to submitting it.

SATAC posters for schools

SATAC posters are now available for schools to order. We have a limited print run with three different designs (shown on next page) to brighten up your common areas.

We had planned to bring them to the counsellor information sessions in person but unfortunately, COVID had other ideas.

The posters are full-colour, A3 size on 170gsm silk paper. You can order them by emailing schools@satac.edu.au with the type, quantity and delivery details for your school.

Undergraduate key dates

Students should submit their undergraduate applications by Thursday, 30 September 2021. Application fees will increase after this date.

The following courses at the University of Adelaide are also closing on 30 September:

- Medical Studies/Medicine (including Bonded Medical Program)
- Dental Surgery
- Oral Health
- Veterinary Bioscience

Contacting SATAC

Level 6, 431 King William Street, Adelaide, SA 5000

Telephone (08) 8224 4000
or 1300 138 440

satac.edu.au

Don't forget some other courses with final closing dates coming up later this year:

- Creative Arts (Drama) at Flinders University on 22 November
- Clinical Sciences/Doctor of Medicine at Flinders University on 1 December
- Occupational Therapy, Physiotherapy and Speech Pathology at the University of Adelaide on 1 December

Late applications are not accepted for courses with final closing dates.

The following courses at Charles Darwin University are also closing on 1 December. They may not accept late applications (check if applying after this date):

- Clinical Sciences
- Midwifery
- Paramedicine

Conditional offers for Year 11 pathways

Students applying for entry via Year 11 pathways may receive early conditional offers from the universities.

Conditional offers are not part of SATAC's [published offer round schedule](#). The institutions send the offers, not SATAC.

SATAC will confirm offers for successful applicants from 21 December.

Flinders University and the University of Adelaide are offering Year 11 admission pathways for 2022 entry.

Information about the pathways is available from the institutions.

If you or your students have any questions about Year 11 entry pathways, the universities can help. Contact them for information and advice.
